#### Northern Natural Gas Company; Notice of Proposed Changes in FERC Gas Tariff

November 28, 1997.

Take notice that on November 25, 1997, Northern Natural Gas Company (Northern), tendered for filing to become part of Northern's FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheet, with an effective date of December 1, 1997:

Substitute Sixth Revised Sheet No. 54

On November 21, 1997, Northern filed tariff sheets to revise Mainline fuel retention percentages and the unaccounted for (UAF) percentage on Northern's system to be effective from December 1, 1997 through May 31, 1998, as agreed to at the settlement conference held on November 13, 1997, before Settlement Judge H. Peter Young. In this November 21, 1997, filing, Northern correctly stated all fuel percentages on Sheet Nos. 61-64, as agreed to by the active parties (the Parties) in these dockets at the settlement conference. However, Northern inadvertently failed to revise the Market Area fuel percentage on Sheet No. 54 to 1.23%. The reason for the instant filing is to correctly reflect the Market Area fuel percentage on sheet No. 54 as 1.23%.

Northern states that copies of the filing were served upon Northern's customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. All protests will be considered by the Commission in determining the appropriate action to be taken in this proceeding, but will not serve to make protestant a party to the proceeding. Copies of this filing are on file with the Commission and are available for inspection.
